# PROJECTS

# QASR AL HOSN - ABU DHABI

At Qasr Al Hosn, Simple Solutions went beyond expectations, meticulously crafting enchanting camel stands, sophisticated souk structures, tents, corniche stages, police stations, dukhans, traditional Emirati houses, and heritage entrance archway structures. Our dedication to detail ensures a comprehensive event setup that enriches the cultural experience.

# COP 28 - EXPO CITY

Simple Solutions played a pivotal role in constructing essential spaces for COP28, shaping the GCA, Digital Operation Centre, Arrival Plaza, and UNFCCC Exhibition Booths. Our team's commitment to construction excellence resonates throughout, contributing to the success of this global event.

# HATTA FESTIVAL - HATTA

At the Hatta Festival in December 2023, Simple Solutions curated 32 innovative kiosks showcasing local pride and a grand stage that stole the spotlight with various performances. Our production efforts contributed to an immersive and memorable atmosphere in the tranquil setting of Hatta.

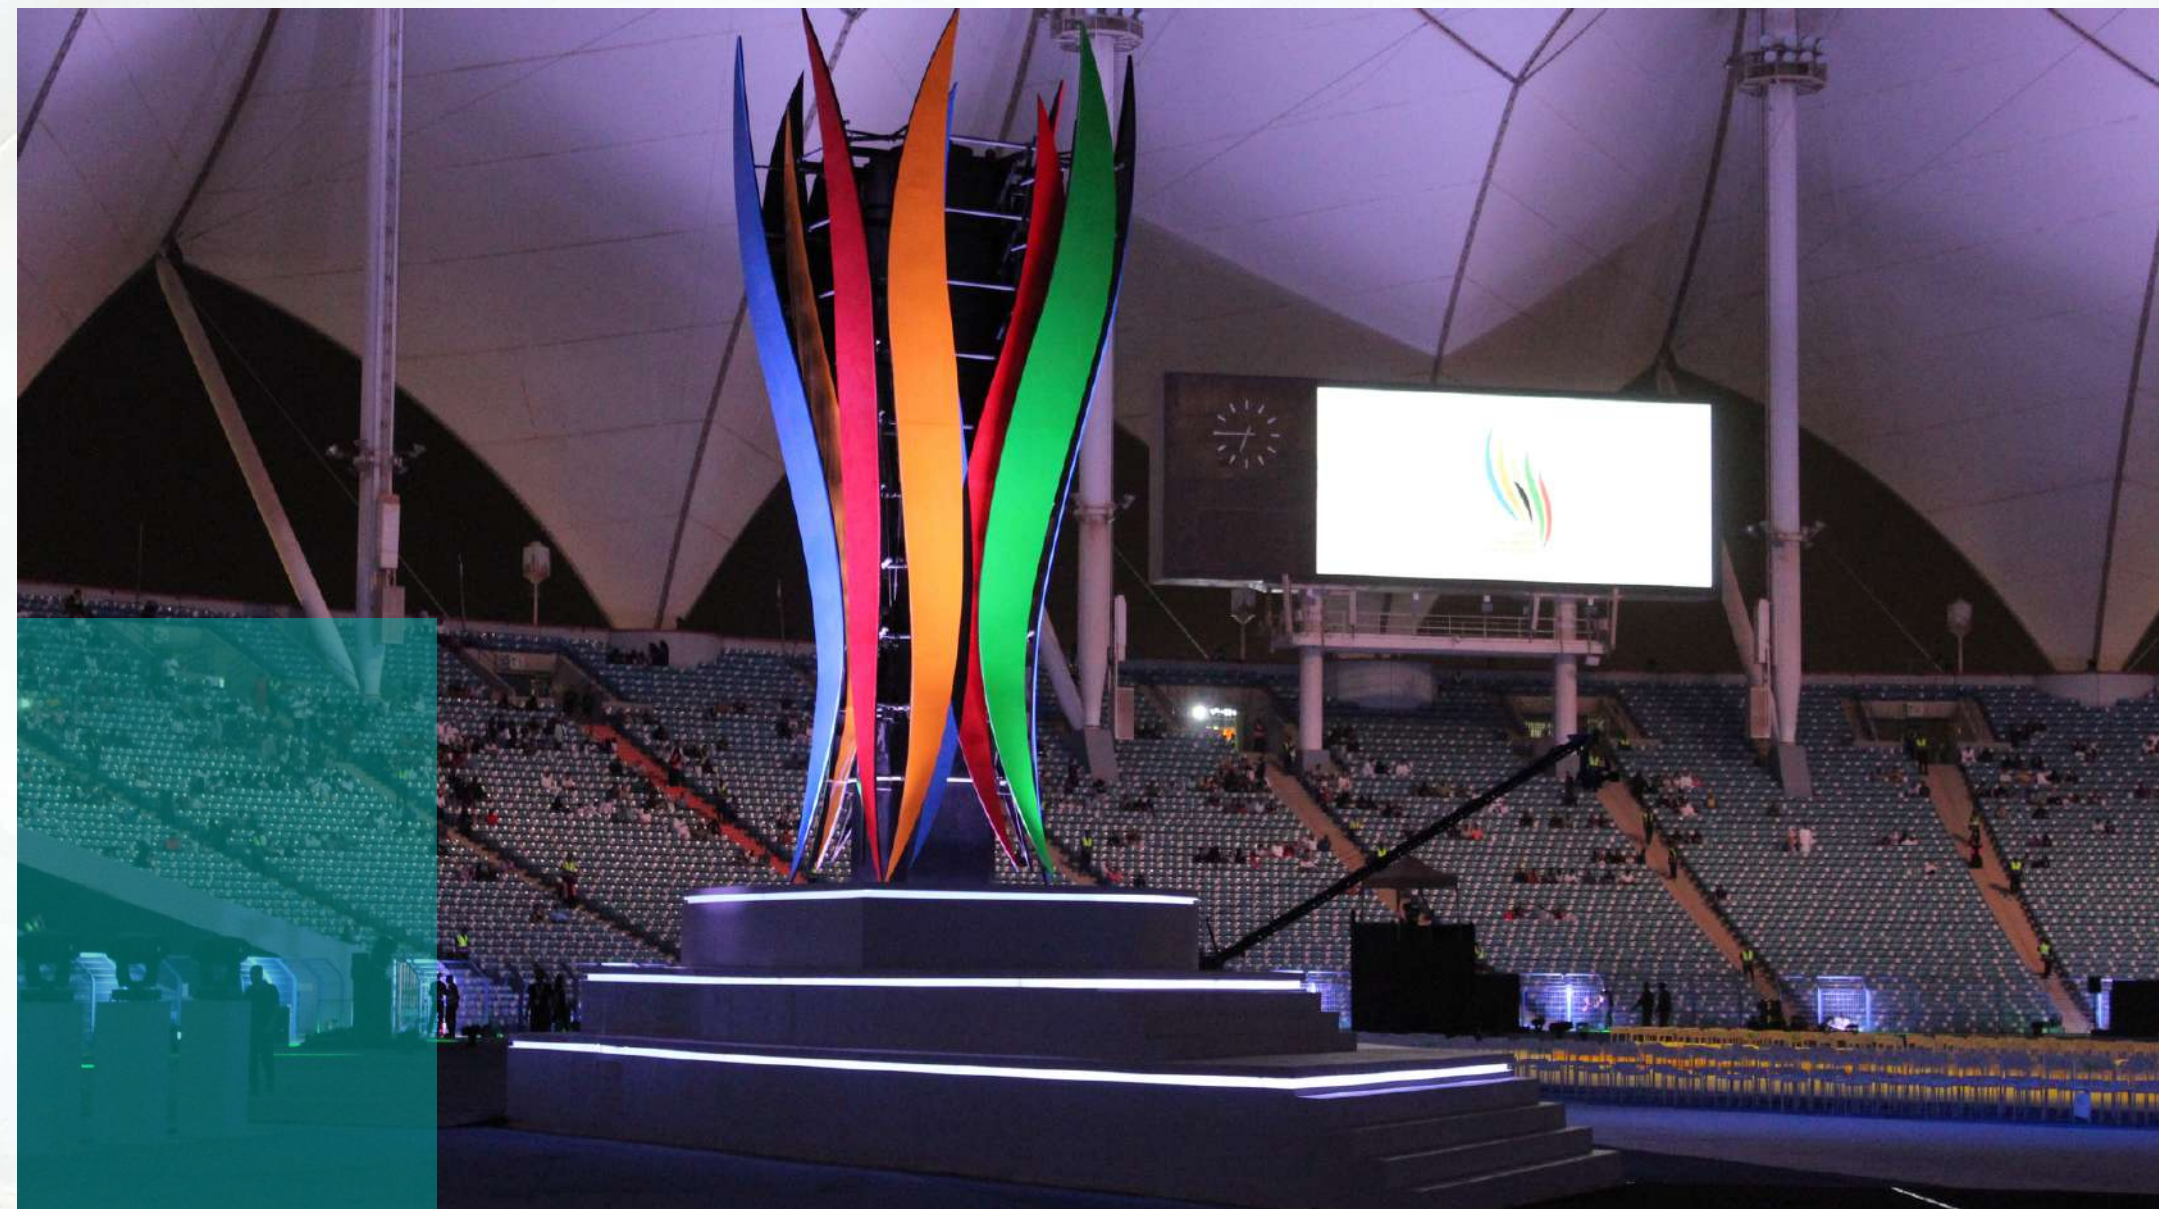

# SAUDI NATIONAL GAMES - CAULDRON STRUCTURE

Our crafted masterpiece, the Cauldron at the Saudi Cup opening ceremony, served as a stunning stage for a fireworks display. Illuminating the games, it stands as a beacon of inspiration, capturing the essence of athleticism and unity.

# CYCLE - DUBAI DESIGN DISTRICT

We meticulously constructed Project Cycle, an interactive installation unveiled at Dubai Design Week, encapsulating Saudi Arabia's progress under The 2023 Vision. Our expertise brought to life a collaborative canvas, inviting participants to leave their mark on this symbol of unity and growth.
